Fast learner, highly adaptable, and a problem solver. Two years of practical experience with *HTML*, *SQL*, *Python* and *Django*, while still expanding my **Back End** development skills. After 13 years of advancing through different roles within Argentina's Airport Police, I am currently pursuing a long-due career in **technology**.

Looking forward to applying my extensive experience in **collaboration** and **risk management**, along with my newly acquired **technical skills**, to new and challenging opportunities.

SKILLS

Languages:
- Spanish (Native)
- English (Fluent)
- Italian (Fluent)
- French (Intermediate)

Soft skills:
- Proactive
- Troubleshooter
- Multitasker
- Growth oriented

Hard skills:
- Windows OS
- Git/GitHub
- Programming languages frameworks and tools (SQL, SQLite, Python, Django, HTML, CSS)

EDUCATION

Harvard University
- CS50P: Introduction to Programming with Python (2023)
- CS50w: Web Programming with Python and JavaScript(on-going)
- CS50X: Introduction to Computer Science (2023)

WORK EXPERIENCE

Argentina's Airport Police

August 2010 – October 2023

Overall, I gained extensive experience in **teamwork** and **risk assessment**. I also developed a meticulous **attention to detail**, ensuring safety in high-stakes situations.

EOD Special Operations:
Leadership and team coordination
Stress management
Ensuring safety
Solve complex situations

Profiler:
Interpersonal communication
Pattern recognition
Decision making
Conflict resolution
